

INDIANA UNIVERSITY SCHOOL OF NURSING BACCALAUREATE PROGRAM

BLOCKING SHEET FOR 3<sup>rd</sup> and 4<sup>th</sup> Semesters – Accelerated Students **FALL 2008**

2/21/08

**DIRECTIONS:** Choose a block from those listed below. You must register for all the courses in that block. **Register for B249 Science and Technology of Nursing Practicum first.** If the computer indicates that the course with that class number is closed, it means that 10 students have already registered for the course with that class number and you must select a different block, one in which the B245 class is not closed. Register for all classes in the new block. Some class numbers are the same in more than one block. That is because there is room for more than 10 students in that class. **If you do not register for all classes in the same block, your registration may be administratively canceled and you will have to reregister after all regularly progressing students have registered.** Because of changes in student enrollment, it may be necessary to close a section of a course and move students into another section. If this becomes necessary and involves you, you will be notified by the Office of Academic Affairs.

**You will be going to the hospital on 6 Sundays to research your patient. The hospital where clinical sites are may be subject to change.**
