

INDIANA UNIVERSITY SCHOOL OF NURSING
DEPARTMENT OF ADULT HEALTH and DEPARTMENT OF ENVIRONMENTS FOR HEALTH
Second Degree Accelerated Track Option Course Clusters 5th Semester Spring, 2010 – As of 9/30/09

1. **Please understand that some sections may change (days, sites, faculty, etc.). Should student enrollment numbers change, it may be necessary to close a block and move students among other blocks with available spaces. We will inform students as soon as possible should a change be necessary. Announcements will be placed in Oncourse. Keep this blocking sheet until classes have started in the Fall.**
2. Note: You will not be able to change sections after the registration period without permission from academic advisors and faculty. Advisors and faculty will not grant permission to change blocks for any reason after December 15th, 2009.
3. You will be researching your client the day before H354 practicum experiences. Please note that some sections of Alterations in Health I (H354) have PEP Scheduling. Students in PEP blocks work with both an RN preceptor and a faculty member. *PEP Scheduling involves shifts that vary from 8 (7a to 3p) to 12.5 hours, (7a to 7:30pm). You will have clinical once or twice per week, with days varying from Monday, Tuesday, or Wednesday. The days of the week vary based upon your preceptor's schedule. The nurses schedule a month in advance, so the schedule will not be available until shortly before the clinical rotation starts.* Sections without PEP scheduling meet 7am to 1:15pm and students will research the day prior to clinical.
4. You must register for one block only. You must register for one of the recitations associated with your section of NURS H353.
5. Only 10 students can register for each block. Begin by selecting one of the practicum courses in your desired block. If that course is filled, do not register for the other courses in that block. Continue on to another practicum class number until you find a block that has an available space and register for all courses in that block. You will need to take extreme care to register for all courses/class numbers in the block that you have selected. Check for accuracy.
6. Check Oncourse prior to the first week of classes for announcements about classroom locations and first class meetings.
7. You may register for classes after your appointed registration time. If your appointment time falls during clinical or class time, you will not be permitted to leave to register.
8. Choose a block on a unit where you are not employed. Our policy is that if you work as a student in a clinical area you may not have your clinical in that area. It is okay to choose a block scheduled at your facility of employment, but not your actual unit.
9. You will have the 3 didactic courses all semester. You will have your psych clinicals for one half of the semester and your med-surg clinicals for one half of the semester. The order will vary by block. Please note the start/end dates listed on the blocks.
10. For questions about med-surg courses, contact Debbie DeMeester, NU413, 274-4685, ddemeest@iupui.edu. . For questions about psych courses, contact Carol Bostrom, NU484, 274-0021, cbostrom@iupui.edu

Spring 2010 Second Degree Track Fifth Semester BSN Course Clusters as of 9/30/09
