

INDIANA UNIVERSITY SCHOOL OF NURSING
DEPARTMENT OF ADULT HEALTH and DEPARTMENT OF ENVIRONMENTS FOR HEALTH
Traditional Track Option Course Clusters 5th Semester Spring 2010 – As of 9-30-09

1. **Please understand that some sections may change (days, sites, faculty, etc.).** Should student enrollment numbers change, it may be necessary to close a block and move students among other blocks with available spaces. We will inform students as soon as possible should a change be necessary. Announcements will be placed in Oncourse. **Keep this blocking sheet until classes have started in the spring**
2. You will be researching your client the day before H354 practicum experiences in traditional model blocks. You will have some 10 to 12.5 hour shifts in PEP unit model blocks. Because the scheduling for PEP blocks is based upon the preceptor's schedule, students who choose these blocks must be willing to be flexible with scheduling. PEP scheduling includes 10 to 12 ½ hour shifts.
3. You must register for one block only. You may not "mix" class numbers/sections across different blocks. You must register for one of the recitations associated with your section of NURS H353.
4. Only 10 students can register for each block. Begin by selecting one of the practicum courses in your desired block. If that course is filled, do not register for the other courses in that block. Continue on to another practicum class number until you find a block that has an available space and register for all courses in that block. You will need to take extreme care to register for all courses/class numbers in the block that you have selected. Check for accuracy.
5. Check Oncourse prior to the first week of classes for announcements about classroom locations and first class meetings.
6. You may register for classes after your appointed registration time. If your appointment time falls during clinical or class time, you will not be permitted to leave to register.
7. Choose a block on a unit where you are not employed. Our policy is that if you work as a student in a clinical area you may not have your clinical in that area. It is acceptable to choose a block scheduled at your facility of employment, but not your actual unit.
8. You will not be able to change sections after the registration period without permission from an academic advisor and the faculty. Faculty will not approve block changes for any reason after December 15, 2009.
9. You will have the 3 didactic courses all semester. You will have your psych clinicals for one half of the semester and your med-surg clinicals for one half of the semester.
10. For questions about med-surg courses, contact Debbie DeMeester, NU413, 274-4685, ddemeest@iupui.edu. . For questions about psych courses, contact Carol Bostrom, NU484, 274-0021, cbostrom@iupui.edu

Spring 2010 Fifth Semester BSN Course Clusters as of 9-30-09

	NURS-H 352 Alterations in Neuro-Psychological Health: Practicum	NURS-H 351 Alterations in Neuro-Psychological Health - Didactic	NURS-H 353 Alterations in Health I - Didactic	NURS-H 354 Alterations in Health I – Practicum	NURS-H 355 Data Analysis in Nursing Practice and Research
