

INDIANA UNIVERSITY SCHOOL OF NURSING
DEPARTMENTS OF ADULT HEALTH and ENVIRONMENTS FOR HEALTH
Traditional Track Option Course Clusters 7th Semester Spring 2010 Updated 9/30/09

SAVE THIS BLOCKING SHEET FOR FUTURE USE

1. Please understand that some sections may change (days, sites, times, faculty, etc.) due to circumstances beyond our control. Also, should student enrollment numbers change, it may be necessary to close a block and move students among other blocks with available spaces. We will inform students as soon as possible should a change be necessary. Announcements will be placed in Oncourse.
2. Register via OneStart at the time of or after your registration time.
3. Register for one block only. You may not "mix" sections across blocks. If you do not register for all class numbers in the same block, your registration will be administratively canceled and you will have to re-register after all regularly progressing students have registered.
4. Only 10 students can register for each block. Begin your registration by selecting one of the practicum courses in your desired block. If that course is filled, do not register for the other courses in that block. Continue on to another class number until you find a block that has an available space and register for all courses in that block. You will need to take extreme care to register for all courses/class numbers in the block that you have selected. Check for accuracy.
5. You must have an IUPUI e-mail and password in order to use the registration system. At the time of registration classroom locations will not have been assigned. Check Oncourse prior to the first week of classes for announcements about classroom locations.
6. You may register for classes after your appointed registration time. If your appointment time falls during clinical or class time, you will not be permitted to leave to register.
7. Choose a block where you are not employed. Our policy is that if you work as a student in a clinical area you may not have your clinical in that area. It is acceptable to choose a block scheduled at your facility of employment, but not your actual unit.
8. There will be experiences will end as late as 7:30p. Experiences will occur in the emergency department and a rehabilitation facility that may differ from your clinical site. We will publish the schedule as soon as possible in Oncourse.
9. You will not be able to change sections after the registration period without permission from an academic advisor and the faculty. Faculty will not approve block changes for any reason after December 15, 2009.
10. Questions? Contact Debbie DeMeester for Restorative Health courses ddemeest@iupui.edu , NU 413, 274-4685. Contact Carol Bostrom for Community Health courses cbostrom@iupui.edu , NU 484, 274-0021.
11. The online section of S474 (Ethics) is not available to traditional track BSN students. Please do not inquire about this option.

Description of Clinical Sites for Spring Semester 2010 (as of 9/30/09)

NOTE: The Community Health clinical sites vary widely. Additional sites may be used which can be located on opposite sides of town in addition to what is indicated below. This clinical requires a lot of driving to the various sites. Please note that the sites may change prior to the beginning of classes. The course policy is that students may not switch sections after the first day of class.

Julie Bohannon meets with her students at Nightingale Home Healthcare in Carmel, Girls Inc., Visiting Nurse Service, Northwest Hendricks county schools (Tri-West Middle School, and Wayne Township schools. Nightingale, which is located in Carmel, serves Hamilton and the surrounding counties, Marion, Hendricks, Johnson, Morgan, Boone, and Hancock.

Terrilynn Quillen meets with her students in lower Marion County and south in Johnson County including Franklin and possibly Edinburgh. Occasional experiences will occur with nontraditional hours, i.e. afternoons and evenings. Some school placements will require 7A-3P practicum hours. Franklin Center Township school require students to pay \$15 for their national criminal background check. Clark Pleasant schools might also be used and they require \$45 for their background check.

Dominique Leveque meets with her students on the near north, north side, and Carmel – Clay schools. Carmel Clay schools require the students to pay \$10 for their national criminal background check.

Elizabeth Linden meets with her students at the Martin Center and various St. Vincent clinics and sites.

Jessica Baxter meets with her students at Wishard Occupational Health and VA Home Health.

Chris McCarthy meets with her students at Community home health care, Noble, Inc.IPS, and other sites on the near north and north side.

Mary Beth Riner - Globally-Focused Community Health Nursing Practicum, 274-4325, NU 482

This section of the CHN practicum is designed to provide globally-focused experiences in caring for people in central Indiana from another country or for students traveling to another country to provide health care. Experiences in the Central Indiana area may include visiting an immigrant family or an international IUPUI student; conducting a community assessment of an immigrant population that considers health issues in the US and the country of origin, working with refugee health care providers. Experiences in another country may be negotiated with the instructor and will include meeting course objectives through participating in: the Calnali, ME Health Promotion Program offered by IUPUI over spring break; another IUPUI sponsored service-learning trip identified by the student. If traveling abroad, the student will develop a learning plan to meet objectives either fully on the trip or through a mix of experiences in Indiana the country he or she is visiting.

Jeanine Zoch meets with her students at Clarian North Medical Center and Boone County Health Department.
