

Spring 2010: 2nd Degree Accelerated Track Adult Health Courses

The following sections are for students admitted to the Second-Degree Track in May, 2009

Students should register for H361 and one section of H362.

H362 is limited to 10 students per clinical group. There will be one experience using the high fidelity simulator that will be scheduled on a clinical day. Kaplan Testing for H361 will be scheduled outside of class time. Check Oncourse for information about orientation 2 weeks prior to the start of classes.

You will be taking 5 courses this semester: H361, H362, H363, H364, and H365.

When choosing your H362 clinical, it is important that you choose a section that does not conflict with your H364 clinical. Be certain that you choose an H362 clinical that does not conflict with your OB/Ped (H364) clinical. Note the dates below and cross reference with the “start” and “end” rotations at the top of your OB/Peds Blocking Sheets sent by Rachel Waltz.

All H362 Clinicals in the Second Degree Track are PEP Scheduling.

NURS-H 361: Alterations in Health II

22619	9:00 am – 11:50pm	NU 110	Tuesdays	DeMeester
