Indiana University School of Nursing

Preceptor's Corner

SAVE THE DATE!

Mark your calendars for 5:30 pm on Tuesday **May 5, 2020**. Our **Clinical Preceptor Recognition Dinner** will be held to recognize all clinical preceptors' outstanding contributions to the success of our students and graduate nursing programs. Our thanks to Dean Newhouse for her continued support of this event. Parking validation will be provided. More details to follow!

Announcing MEDATRAX

Beginning spring semester, 2020, Indiana University School of Nursing is launching a new electronic clinical tracking system called Medatrax. The new system is web-based and will greatly streamline the process of evaluating MSN student clinical experiences and achievement of practice competencies. For those of you who are familiar with Typhon, Medatrax will replace Typhon. Medatrax is customizable and is applicable to student clinical experiences in all MSN program tracks. We will be using the following system functions:

- Submission and storage of preceptor qualification documents such as CV, certification, and professional license.
- Status of clinical site affiliation agreement.
- Time log of student clinical hours.

- Patient encounter information.
- Preceptor clinical evaluations of the student – formative (midterm) and summative (final).
- Student evaluations of preceptors and clinical sites.
- Student self-evaluations.
- Storage of letters to preceptors documenting service in the preceptor role individualized by student, semester and number of precepted hours.

The first time you precept a student using the new system you will receive an email from Medatrax at the start of the semester with your Medatrax user name, password, and instructions. The system is quite intuitive and simple to use. We will provide any support you need in working with or troubleshooting the system.

We believe this system will improve the overall experience for students, preceptors, and faculty. As always, thank you for your time, expertise, and dedication to the students at Indiana University School of Nursing.

Online Preceptor Program!

Many thanks to all our CNS student preceptors! If you haven't heard, IUSON and NACNS partnered to create and launch the online CNS Preceptor Training program. Learn more at [Developing Your Skills as a CNS Preceptor](#).

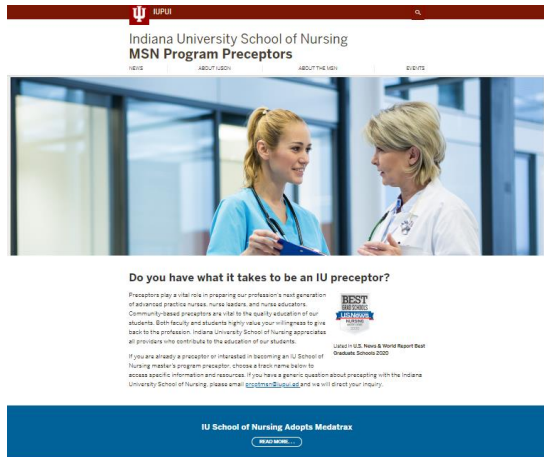

More information about the online training program can be found on our MSN Preceptor Website.

Legislative Updates

CAPNI Announces ADVOCACY DAY at the INDIANA STATE HOUSE: FEBRUARY 11, 2020

Advocacy Day at the Indiana State House is an event that brings APRN's and state legislators together. It provides an opportunity to meet with your state Senator and State Representative to discuss health care issues that affect your patients and your practice. One focus of Advocacy Day 2020 is to promote the following legislation:

1. Granting APRNs death certificate signature authority.

2. Requiring at least two APRNs be members of the Indiana State Board of Nursing.

Details on these two pieces of legislation can be found on the CAPNI website under the Legislative Affairs tab.

Advocacy Day is open to CAPNI members only! If your membership has lapsed, please renew so that you may attend this important event.

If you have previously registered but are no longer able to attend, CAPNI requests that you cancel your registration to make room for others.

REGISTRATION OPEN

at: <https://capni.enpnetwork.com/nurse-practitioner-events/133978-advocacy-day#!info>

Registration will close on February 3. Due to logistical issues, late registrations and walk in registrations will not be accepted.

Cathy Cooper FNP-C is the CAPNI Legislative Chairperson and Caitlin Krouse FNP-C is CAPNI Legislative Chairperson Assist.

CIOCNS Conference 2019

The CIOCNS Annual Conference was held on November 7th, here in Indianapolis. Congratulations to the following local Clinical Nurse Specialists who presented at the conference:

Clinical Nurse Specialist

Alumni, Student and Community Newsletter

Welcome and Opening Remarks from **Brittany Waggoner**, President, Central Indiana Organization of Clinical Nurse Specialists

Emily Roberts, Perinatal Hypertension

Brittany Waggoner, Postpartum Hemorrhage

Rainey Martin, Perinatal Substance Abuse

Rebecca Ellis, Adult Medication Adherence

Amy Shay, Functional Status among Hospitalized COPD patients

Evaluation and Closing Remarks by **Megan Siebert**, 2020 CIOCNS President Elect

CNS Students Attend the 2019 CIOCNS Conference

IUSON CNS students Maryann Anthis, Jennifer Richard, Tiffani Tobe, Maria Thurston, Kelly Woker, Amanda Obourn, Haley Porter, Twila Drummond, Elizabeth Wertz, Jessica Jackson, Alexandra Thullen, and Brittany Myers attended the 2019 CIOCNS Conference on November 7th. The conference theme was the clinical nurse specialist's impact on patient outcomes. Students were able to see examples of CNS work in action through the many poster exhibits. This year's podium presentations provided diverse learning

experiences for the students. Attendance at the conference is encouraged for students as an excellent opportunity to acquire new information and networking with colleagues in the community.

Questions for the Master's Advisor?

Fellowships in Geriatrics

Adult Clinical Nurse Specialist student **Maryann Anthis** was selected for this year's **Indiana Geriatrics Education and Training Center Fellows** program. Fellows are selected from master's in social work, nurse practitioner and clinical nurse specialist majors. They participate in the care of older adults in a variety of practice settings within a multidisciplinary team.

Reflecting on her first semester in the Fellowship, Maryann states, "I would say my experience with the geriatric fellowship has been truly amazing. The fellowship involves a QI project, which I find challenging, but yet grateful for the opportunity to push myself beyond my comfort zone. If given the option, I would do it again without hesitation. The experience has magnified the role of a Clinical Nurse Specialist within a multidisciplinary team which I find necessary due the complexities of care needed in our society today. As I grow into my the role as a Clinical Nurse Specialist, I know my experience with the geriatric fellowship will have prepared me for a practice that focuses on health outcomes."

CIO-CNS/Dayhoff Fellowship

The Fellowship was established to provide financial support for CNS students and to help assure the future of CNS practice. The first fellowship was awarded in Fall, 2018. Please consider making a gift today by going [here](#). Click on the area titled, Write In Gift Area, and insert the name of the Fellowship, CIO-CNS/Dayhoff Clinical Nurse Specialist Fellowship. If you prefer to mail your payment click on the Give Now Button in the left corner on this same page. Click on Payment Options, click on Mail Your Gift and print off the PDF contribution form. For more information, or if you have questions, contact Janet

McCully at 317-274-4293 or

jmccully@iu.edu.

For information on how to apply for the CIO-CNS/Dayhoff Fellowship go [here](#).

Professional Awards

Certified CNS **Ron Kraus** was elected in October to be the 2021 National Emergency Nurses Association President. He will be the president-elect in 2020 and president in 2021. Congratulations!

A paper co-authored by **Dr. Sue Storey** was awarded the Association for Computing Machinery SIGBio Best Paper Award at Association for Computing Machinery Bioinformatics, Computational Biology and Health Informatics ACM BCB (10th ACM Conference on Bioinformatics, Computational Biology, and Health Informatics). The paper entitled "Identifying Symptom Clusters in Breast Cancer and Colorectal Cancer Patients using EHR Data" was presented on September 9, 2019. ACM BCB is the flagship conference for ACM Special Interest Group in Bioinformatics (SIGBio) and one of the largest and leading biological and health informatics conferences in the nation.

Dr. Sue Storey was one of six Outstanding Early Career Nurse Scientists selected to attend the 2nd Annual Duck-Hee Kang Memorial Mentored Workshop sponsored by the Council for the Advancement or Nursing Science. The workshop, held in Washington, DC in October, 2019, provided the opportunity to submit a research grant proposal, which was critiqued by senior investigators, in the format of a mock National Institute of Health review panel.

Rainey Martin was awarded an Excellence in Nursing Research Award from the

Clinical Nurse Specialist

Alumni, Student and Community Newsletter

Lambda Epsilon Chapter of Sigma Theta Tau in October. Congratulations!

Dr. Jeni Embree's application for the *Teaching and learning in Hybrid Courses Faculty Learning Community* has been accepted. The learning community will meet monthly in 2019-2020 and discuss two books: Katie Linder's *The Blended Course Design Workbook: A Practical Guide* and Anne Fandrey's *Academic Slide Design*. Through this learning community Dr. Embree will expand her knowledge in hybrid teaching methodology. Congratulations Jeni!

Grants and Funding Awards

This November, Central Indiana Organization of Clinical Nurse Specialists awarded their first Leadership grant in the amount of \$2500 to **Brandee Wornhoff** in order to help fund her research around stress-related suffering among nurses. Central Indiana Organization of Clinical Nurse Specialists also awarded their second Dayhoff Scholarship to **Brooke Randol**.

Adele Crouch has been awarded \$2,500 from the Oncology Nursing Foundation for her project entitled, *Cognitive Dysfunction in Older, Long-term Breast Cancer Survivors.* Adele's PI for the project is Dr. Diane Von Ah.

Adele Crouch, PhD Candidate and CNS graduate, has been awarded the Oncology Nursing Foundation Dissertation Research Grant for her proposal entitled, "*Cognitive Dysfunction in Older, Long-term Breast Cancer Survivors.*" Crouch's mentors include: Dr. Diane Von Ah, Dr. Vickie Champion, Dr. Susan Pressler, Fredrick Unverzagt, and Lesa Huber.

Library Assistance

IUSON Librarian, Caitlin Pike, is available for in-person or online appointments. You can contact Caitlin at caiapike@iupui.edu

Services Provided:

- Grant and Funding Searches
- Consultation for Literature Searches
- Data Management Plans
- Covidence Training and Troubleshooting (New Systematic Review Software)
- Endnote Training and Troubleshooting
- Assistance with Journal Selection
- NIH Public Access Policy Compliance
- Suggestions to Increase Citation Counts
- Citation Tracking for P&T

Have You Heard?

NACNS's 2019 **Statement of CNS Practice and Education** is now available to view and download through the CIOCNS web site. Content represents the third edition of the Statement on Clinical Nurse Specialist Practice and Education and includes the following:

- An updated conceptual model of the CNS
- A change in terminology from spheres of influence, to spheres of impact
- A refined approach to the presentation of the CNS competencies that consolidates and refines the competencies under the three spheres of impact
- An enhanced discussion of the social mandate of the CNS
- A discussion of the Consensus Model for APRN Licensure, Accreditation, Certification, and Education, and
- An expanded reference list

Financial Resources for Graduate Students

Students pursuing a graduate degree from the Indiana University School of Nursing can take advantage of a number of resources to help fund their education.

Scholarships are available for graduate nursing students. The IUPUI Office of Student Scholarships offers an online

resource for scholarship information and applications. Students can access details about campus-based scholarship awards as well as helpful tips on searching for external scholarships available through other agencies and organizations. Visit [Scholarships](#) for more information. The Indiana University School of Nursing also awards over \$700,000 in scholarships each year to current undergraduate and graduate students.

For detailed information about available awards, please visit [Tuition and Scholarships](#).

In addition to institutional and private scholarships, students can also explore scholarships from national nursing organizations. [The American Association of Colleges of Nursing](#) and [Johnson & Johnson](#) are excellent resources for information about national nursing scholarships.

Federal student loans, including the Federal Direct Unsubsidized Loan and Federal Direct Graduate PLUS Loan programs, are also available for graduate students. These loans offer affordable interest rates and flexible repayment plans to assist students in covering their tuition, fees, book costs, and other educational expenses. For students interested in teaching, the **Nurse Faculty Loan Program (NFLP)** provides loan funds to help registered nurses complete a graduate education to become qualified nurse faculty. Participating IU School of Nursing students who agree to complete a core component of education-related courses in a qualifying program can receive NFLP funds to help cover the costs of their tuition, fees, and books. Following graduation, students who secure employment as full-time nursing faculty at an accredited school of nursing are eligible to receive a low interest rate, deferred repayment, and

Clinical Nurse Specialist

Alumni, Student and Community Newsletter

partial loan cancellation. Students maintaining full-time faculty employment for 4 years after graduation can have 85 percent of their loan forgiven.

Many graduate students also utilize **alternative financial aid resources** to help fund their graduate education. Veterans and members of the U.S. Armed Forces and their dependents may be eligible to receive financial assistance for their education. Visit [Veterans](#) for additional information. Many of our students also take advantage of tuition assistance or reimbursement through their employer.

For answers to your questions and information about available financial resources for Indiana University School of Nursing graduate students, please contact Nathan Lloyd, Assistant Director of Student Financial Services, at (317) 274-5913 or gradaid@iupui.edu.
